Dear Parents,

Below is a list of apps that are required on your child's iPad. Can you please ensure that these have been downloaded for use by the beginning of next term. Most of these apps are free apps.

From time to time your child's teacher may request an app to be downloaded. It is important that this is done as soon as possible, as the teacher has planned to use the app in the classroom and is relying on your child having the app on his/her iPad.

Just a reminder that it is essential for students bring their devices to school fully charged every day. Many lessons are designed around technology and if students do not bring their devices to school, then they are unable to participate fully in these lessons.

Yours sincerely
Mrs Vicki Hodgson
