Dear Parents,

On Wednesday the 27th of March, the students in Year 6 have organised a lunch to raise awareness for those less fortunate. They have been inspired by this year's Project Compassion, and as a group, have decided to organise a 'rice for lunch day.' For lunch, students will have plain rice to gain an insight into the lives of many children around the world. We ask that all students bring an empty plastic container and fork/or spoon to school to eat their rice. It is important to remember that this day is about raising awareness and realising how lucky we are. We encourage parents to have a chat with their children about the meaning behind this. This is not compulsory, but we encourage children to take part in this day.

When: Wednesday the 27th of March

What: Rice lunch day

Cost: Free (just bring in a container and fork or spoon)

Many thanks,

Miss Rimmer, Miss Johnson and the Year 6 Class

My children _____ will/will not participate in the Rice Day on the 27th of March.
