Week 3, Year 3-6 Activities

Science

There are many active volcanoes around the world today.

You are going to be researching volcanoes, then choosing one active volcano and creating a book (paper or digital) about it. It will need to include diagrams and First, plan your research questions.

Questions to help:

- How many active volcanoes are there?
 - What makes a volcano erupt?
 - What are the different parts of a volcano?
 - What is a dormant volcano?
- What is the name of your volcano and where on the planet is it found?
 - What type of volcano is it?
- How does this type of volcano form?

History

Right now, the Australian Government is not allowing inter-state travel.

This was a thing of the past, you needed special permission to travel state-to-state.

Watch the video:
<https://abcsplash.m/957410>

Research a little about Federation.

What was it?

When did it happen?

Why did it happen?

What was Australia like before Federation?

Create a poster explaining Australia before and after Federation.

Geography

Choose any animal from around the world.

You will need to design a Zoo enclosure for this animal that is as close to its natural habitat as possible.

Think about:
The environment
The climate
Food sources
Plants needed

How will you make the enclosure like its natural environment?

What will you do to help the animal so that when it is released into the wild it can survive?

Create a project or poster outlining all of the above.

VISUAL ART

Andy Warhol Portrait Project

You need: lead pencil, black markers, white paper and coloured markers.

Step 1: Divide a piece of paper into 4. Draw a portrait of yourself in one square,

Step 2: Outline your picture in black.

Step 3: Fold another piece of white paper in 4. Trace over your original image 4 times on the blank piece of paper.

Step 4: Outline each of your portraits.

Step 5: Start filling in the drawing with bold, bright and unusual colours. Choose different colours for each copy. Make sure each background is a different colour.
