

Puffy Paint

Ingredients

1 tbsp self-rising flour
food colouring in the colours of your choice
1 tbsp salt
little bit of water (start with 1/4 tsp per colour)

Method

1. Combine your flour and salt in a small bowl.
2. Add a little bit of water and stir until you get a smooth, thin paste
3. Add your food colouring and mix well.
4. Create your masterpiece.
5. Now for the science!

When you're happy with your masterpiece, pop it into the microwave for 30 seconds and watch your painting puff up!
Your artwork will be warm when you remove it from the microwave, but it will be completely set.
