

31<sup>st</sup> July 2019

Dear Parents,

As part of the Alcoa Maths Enrichment Program that your child is participating in, we would like to invite you to attend an exciting evening of maths activities to enjoy with your children.

You will be provided with a handbook containing ideas on how to talk maths with your kids at home and several games you can play with cards and dice (also provided). Then you will be invited to participate in a maths murder mystery, solving many fun maths puzzles to ultimately catch the culprit! It can take from 20 to 80 minutes to solve. The session will run for 1.5 hours. It is ideal if you can arrive at the beginning, but do not need to stay for the whole time.

**Date:** Monday 12<sup>th</sup> August (Week 4)

**Time:** 5:30pm (note – start time changed from 6pm on Term Planner)

**Venue:** St Joseph's Yr 2/3 Classroom

Please feel free to contact me on [shyam.drury@scitech.org.au](mailto:shyam.drury@scitech.org.au) if you have any questions.

We look forward to seeing you at the information session!

Kind Regards,

Shyam Drury
