COVID-19:

We still have positive COVID-19 cases and Influenzas A cases within the school community. If your child is unwell, please test for COVID-19, and remain at home until symptoms clear. We have **both nasal and oral RAT tests** available for families for collection in the office. It is still important to upload both **negative and positive results** to the school portal [here](#) so we can track cases in classrooms. Please also upload positive results to WA Health.
