### Children's University:

On Thursday 27th February, our Year 4, 5 and 6 classes had a visit from Artem from UWA to launch "Children's University" for 2025. The aim of Children's University (CU) is to encourage students to try exciting learning activities in their own time, whether it is before school, lunch time, after school, on weekends or in the school holidays. Students work at their own pace on self-directed activities and are encouraged to earn their 30 hours (or more!) to attend the free Graduation at UWA in December. It is a fantastic opportunity for students to learn what they love - whether it be at one of the CU Learning Destinations, Holiday programs, in school or out of school. Mrs Fuller is coordinating CU this year. Registration forms have been sent home with interested students. If you would like any more information, please feel free to contact Mrs Fuller.

### Reinforced Reading:

As part of our literacy intervention at St Joseph's, we implement a program called MacqLit to support our students in Years 3-6 who require some additional assistance with their reading. One of the elements of MacqLit is called 'Reinforced Reading' and it is an opportunity for volunteers to read one-on-one with students to help them develop their fluency and comprehension. I will be providing training to volunteers to ensure the time spent is effective and consistent.

If you would like to be involved, please send me an email - [caroline.leighton@cewa.edu.au](mailto:caroline.leighton@cewa.edu.au).
